

# A Long Blond Hair In My Underwear

While I have a beer head I'll give you my account  
Last night me and wifey, well, we let the hornies out  
And as she reached into my BVDs she wasn't pleased  
For, what she found was something long, but oh so wrong and out of place

It was a long blond hair in my underwear  
How that bugger got there, I've no clue  
But she was crazy, thinking maybe I'd been less than true  
Oh, that long blond hair in my underwear

My wife's soft and brunette, you see that problem lie?  
And when the smoking gun's in hand, there's not much to deny  
I thought Johnnie Cochran or St. Jude would be my only hope  
The way she had me on the ropes and grasping for out

That long blond hair in my underwear  
How that sucker got there I've no clue  
My wife was livid and got vivid in what she thought to do  
About that long blond hair in my underwear

I think what hurts me most is what she'd thought I'd done  
But don't you think this strand of proof is just too thin to hang me on?

Ten-fifteen this morning she called me on the job  
She said she got a revelation, I won't say from God  
Last time she did laundry our niece Liz, with long blond locks  
Helped her roll socks and fold our clothes, the case is closed  
Please come on home

Oh, that long blond hair in my underwear  
How it got there, she thinks she's got it down  
Now I am blameless, and truly shameless  
My secret's safe and sound  
As for my mistress' long blond hair, it's time for a hair cut  
And a die job  
And a bit more discretion
