

Haunting of My Heart

Words and Music by
imposter X

Em7 B Em7 B
Friday night and I'm channel surfing by myself
Em7 B Em7 B
It's been six weeks since you said good-bye
Em7 B Em7 B Em7 B
Your perfume is in the air, on my cheek I feel your hair, I look but there's no one there
Am7 B Am7 B
Just the void that harries me, echoing what used to be

G Dm7 Am7 D G
Chorus: I feel the haunting of my heart by a ghost you left behind
Dm7 Am7 D Em7 (2nd time Am7)
I feel the haunting of my heart, and your ghost is so unkind

B Em7 B
It crawls into bed with me real late at night
Em7 B Em7 B
I swear it imitates your voice when lights are out
Em7 B Em7 B Em7 B
T-shirts, earrings, lipstick cases turn up in the strangest places, resurrecting memories
Am7 B Am7 B
Of the laughter and fun of a life that's dead and gone

(Chorus)

(Am7) G Am7 G Am7
And in my mind there is no doubt another love may cast you out
Cm7 D
But, will she have the spirit to expel it, and the grace not to replace it?

(Chorus – Repeat and fade)
